

# SCIFE: Chishiki AI in Civil Engineering

## Graduate Student Fellowship & Undergraduate Research Scholarship

Don't miss this opportunity to shape the future of  
Civil Engineering with AI and Cyberinfrastructure.

### Application Deadline

**February 6, 2024**

### Undergraduate Fellowship Dates

**June 1-30, 2024**

### Graduate Fellowship Dates

**June 1, 2024 - May 31, 2025**

### Undergraduate Fellows Receive

- Stipend of **\$7,000**
- **Paid Travel** to UT Austin

### Graduate Fellows Receive

- Stipend of **\$37,000**
- Up to **\$12,000 in tuition allowance** throughout the year
- **Travel support** to present research results at a SCIFE AI in Civil Engineering community event and/or professional conference
- **Paid Travel** to UT Austin

### Eligibility

Undergraduate and graduate students from diverse fields including, but not limited to, civil engineering, computer science, physics, mathematics and social sciences are encouraged to apply. You should have a strong interest in leveraging artificial intelligence for your research to solve engineering problems.

### Undergraduate Eligibility

- Enrolled as an undergraduate student
- Completed at least one year of your undergraduate program by March 2024
- At least one full year remaining in your program as of June 2024
- Spend at least one month in residence at UT Austin/TACC during the summer semester

### Graduate Eligibility

- Completed at least one year of the PhD program by March 2024
- At least one full year remaining in the PhD program as of June 2024
- Spend at least one week in residence at TACC during the summer semester
